EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with an attorney of record, Brian Altmiller, on 10/7/05.

2. The application has been amended as follows:

Claims 6, 7, 12 and 15 have been rejoined.

In claim 7, line 1, "wherein the power supply" has been deleted,

line 2, "circuit" has been replaced by -- which --,

line 4, "main transistor" has been replaced by -- electric switching element --.

In claim 9, line 1, "further" has been deleted.

In claim 23, line 1, "further" has been deleted.

In claim 25, line 1, "the" has been replaced by -- a --.

3. The following is an examiner's statement of reasons for allowance: Claims 1-18 and 20-28 are allowed.

Art Unit: 2816

Claims 1 and 6-7 are allowed because the prior art of record fails to disclose or suggest the inclusion of a limited-current value setting circuit for setting a limited value which is increasing gradually over time during the rise of the output voltage up to the target voltage as recited in claim 1. The inclusion of the recited limitation defines patentability over the prior art of record because it defines a distinct structure which is capable of increasing the limited current value gradually over time which is not taught by the prior art of record, alone or in combination.

Claims 2, 9 and 23 and their dependent claims are allowed for the same reasons noted in the previous Office action.

Claims 22 and 24-28 are allowed for the reason noted in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Nguyen whose telephone number is 571-272-1748. The examiner can normally be reached on Monday, Tuesday, Thursday, Friday 7:00-5:30.
